I wish to thank everyone who has sent me info on my Morgan/Knea Family, which is from my Father's line. This book is of my line of Morgans, Knea lines which go into the Munden line. James Morgan b.1650 MD-aft 1696 NC md Jane Knea 1673 MD. She was born 1652 MD and died after 1681 NC. They had 5 known children and William was my line. Not able to locate where James Morgan came from.

I started this back in 1969 and all my grand parents were gone but had other members of their family I could get info from. Otherwise I worked at the court house and library and cemeteries to find info that I could.

I with others spent many a week at the Ft. Wayne, IN library, Salt Lake City library, Madison, WI library and many hours at Columbia, MO library just about every year from when I started. There was 4 of us who went to Iowa City every month during the good weather but now one has moved, one has passed and the other can't get out any longer and no fun to go by your self. So decided it was time to stop.

This was before the internet so didn't have that to rely on but was just as well as have found a lot of wrong info on the internet. (I can't say mine is all right either) As much of it was not able to be proven for sure so just had to go by what we could find. But if anyone has proof of what you find is wrong in any of my books I would appreciate knowing it. We know every one is not 100% right as no one is perfect, even in research. New Data June 2017-GLT

So hope these books will be appreciated and enjoyed as much as I had putting them together. But I think now is the time to turn them over to someone else to enjoy as I can't get to the libraries any longer and only the internet to rely on and that isn't as much fun as going to the places where your ancestor's walked themselves.

Dec. 30, 1994

Dear Gladys,

I was glad to receive your letter and lineage charts. Sometimes we write to people listed in genealogy publications and receive no reply. I'm never sure if they don't want to share information or if they are deceased.

Thank you for extending our Elizabeth Sutton line! All I had on her was who she married and when she died.

It seems you have found much of the same research material as I have, also run into the same brick wall on James and Jane Knea Morgan. I keep looking, hoping and praying that sometime, some place, I'll find more.

You listed Morgan Stephens as someone to contact. I have, and also stopped to see Morgan and his wife. Betty and I found them to be two very nice people. He and I have the same great-great-great grandfather.

I don't know if Morgan has the information regarding Elizabeth Sutton, so I'm sending him a copy of the #3 chart which you sent to me.

You may have this map I am enclosing. Note Morgan's Swamp, James Morgan's Grant, 1694, Capt. Ralph Fletcher's grant, Ralph Fletcher's Grant, 1694, Joseph Sutton's Grant, Sutton's Creek.

Unfortunately most of my Morgan information is in our cottage in Michigan. When we return the end of April, I'll see what may be of interest to you.

My wife, Betty, is researching her Hull line. She found your name in "The Hull Family Association's Book of Member Lineage." Her connection is through Jacob Hull from Germany, while yours is from England. Betty has been given number 809 which will be in the next publication. Her ancestor is the same as #645, Susan Welty.

It was certainly nice of you to answer my letter, and when and if I find more information, I will pass it on to you.

Many thanks, again!

Respectfully yours,

Chuck

NOTICE - WARNING CONCERNING COPYRIGHT RESTRICTIONS

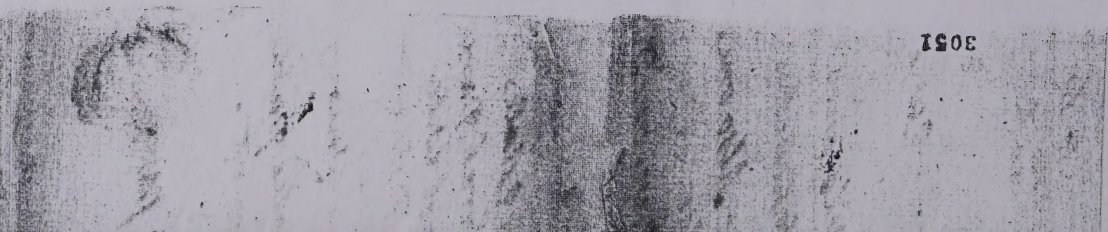

The copyright law of the United States (Title 17, United States Code) governs the making of photocopies or other reproductions of copyrighted material.

Under certain conditions specified in the law, libraries and archives are authorized to furnish a photocopy or other reproduction. One of these specific conditions is that the photocopy or reproduction is not to be "used for any purpose other than private study, scholarship, or research." If a user makes a request for, or later uses, a photocopy or reproduction for purposes in excess of "fair use," that user may be liable for copyright infringement.

This institution reserves the right to refuse to accept a copying order if, in its judgment, fulfillment of the order would involve violation of copyright law.
